

We are so glad to see you've registered for the 2019 IFVP conference. You may have expressed interest on the registration form to stay on campus. Lodging on and off campus **IS NOT INCLUDED** in the conference package. We are still working out our University contract and logistics before sending out the housing registration and fees.

Here is a bit of information as you are planning your budget and travel to Montclair.

- The limited rooms we will have available on the campus are for conference attendees only. University policy will not allow families, children, or spouses who are not paid conference attendees in the dormitory.
- Alcohol is not permitted in the dormitory.
- The dorm rooms are very bare-boned. This will not be hotel accommodations. Sheets, towels, and toilet paper are provided and will incur a one-time \$15 fee upon registration.
- Toiletries such as soap and shampoo will not be provided.
- The dormitory layout is a 2 single room suite with a common hallway entrance and single shared bathroom between the 2 people. Each bedroom has a twin bed. A little better than my college days of having to go down the hall to a big shared bathroom, but still remember, you are sharing facilities (unless you decide to reserve the whole suite by paying for both beds)!
- We will be charging per bed. The approximate cost will be \$70 per night.
- We will need to know in advance if you will have a car on campus and provide dormitory parking passes for an additional \$5 per night parking fee.
- There is no housekeeping. We are responsible for disposing of trash. Rooms must be left in original condition upon departure.
- Check out is 11am. The dormitory must be completely vacated by Saturday, Aug 3.
- The dormitory is about a 10-minute walk to the meeting space.

I'm hoping the information here will help you with your decision on whether you'd like to stay on campus. We will be providing local hotel options soon, to help you decide. In the meantime, if you have indicated that you want to stay in the dorm, please be patient as we finalize our contract. This info may have changed your mind and you may prefer to stay in off campus housing, which may include hotels and Airbnb, etc... (more information on options to come soon).

Please send an email with *Campus Housing* in the subject line to [conference@ifvp.org](mailto:conference@ifvp.org) to let us know if you would like to stay on campus.

We are reserving a limited amount of rooms so please let us know your housing intentions ASAP and we will put you on our request list.
